VII	Old Business	A. Review of Pending Bills		1213	
		i. Bill No. 276-38: "Relative to including dry needling and spinal manipulation as authorized activities for licensed practitioners of Acupuncture and Oriental Medicine". Dr. Balajadia reiterated information provided in the Administrator's report regarding the public hearing scheduled for May 6, 2026, concerning Bill 276-38, which relates to dry needling and spinal manipulation as authorized activities for licensed practitioners of acupuncture and oriental medicine. The Board was then asked if there were any additional questions regarding the matter.  Dr. Miller raised concerns that this was the third Board meeting in which the matter had been discussed and that a previously approved motion required the Board to withhold any recommendation or action regarding the legislation until adequate proof of education and training in spinal manipulation had been provided by the acupuncture representative, Dr. Chong. It was stated that no sufficient documentation regarding	GBAHE		Ongoing Scheduled Public Hearing for May 6, 2026

Item	Discussion	Responsible Party	Reporting Timeframe	Status
	<p>educational standards, safety standards, or related qualifications had yet been submitted for Board review. As a result, Dr. Miller emphasized that the Board could not formally endorse the bill or take an official position until the required information had been analyzed in accordance with the prior motion. It was further noted that, in the absence of such documentation, concerns remained regarding whether adequate educational preparation existed to support the proposed scope of practice.</p> <p>During the discussion, D. Harper questioned whether proposed legislation was required to receive Board approval prior to submission to the Legislature and suggested that this procedural issue may have contributed to the ongoing confusion. In response, D. Miller clarified that the primary concern centered specifically on the bill authorizing spinal manipulative therapy and the qualifications necessary for an acupuncturist to perform such procedures. D. Miller further explained that the Board was requesting objective proof of adequate education and training standards comparable to established professional benchmarks and reiterated that the requested information had not yet been provided.</p> <p>Dr. Chong stated that supporting information regarding educational qualifications and training had already been provided to the Board and asserted that spinal manipulation was included within the scope of practice under the Allied Health Practice Act for acupuncture and oriental medicine practitioners. Dr. Chong further referenced educational hours completed in Western medicine science and acupuncture-oriented medicine training, maintaining that the practice fell within the profession's recognized modalities and was distinct from chiropractic practice.</p> <p>In response, Dr. Miller reiterated concerns that the Board had not received formal written documentation sufficient to satisfy the previously approved motion requiring proof of education and training standards related to spinal manipulative therapy. It was emphasized that verbal explanations alone were insufficient and that the Board required written analyses, curricula, syllabi, and documentation from accredited educational institutions demonstrating the number of hours and scope of training specifically related to spinal manipulative therapy. Additional discussion focused on the need to compare oriental medicine educational standards with chiropractic standards, particularly because spinal manipulative therapy is recognized under chiropractic law and involves specific educational and clinical requirements.</p>			

Item	Discussion	Responsible Party	Reporting Timeframe	Status
	<p>Dr. Harper raised questions regarding whether the proposed scope expansion sought to duplicate or overlap with chiropractic practice and whether the terminology used in the legislation created confusion between traditional oriental medicine modalities and chiropractic spinal manipulation. Dr. Miller further asserted that any determination by the Board must be based on objective documentation from accredited institutions rather than personal statements regarding qualifications. The Board also discussed obtaining copies of transcripts and related paperwork for formal review.</p> <p>Dr. Chong maintained that acupuncture and oriental medicine practitioners are not chiropractors and therefore should not be held to chiropractic educational standards, emphasizing that spinal manipulation is only one component of broader oriental medicine training. It was further explained that the proposed language was intended to clarify that acupuncture and oriental medicine practitioners may perform spinal manipulation within their existing scope of practice.</p> <p>Dr. Miller concluded with renewed emphasis that the Board’s prior motion required formal written proof and analysis of accredited educational standards before any endorsement or recommendation regarding the bill could be considered. It was reiterated that, until such documentation was submitted and reviewed, the Board could not take an official position on the legislation due to insufficient information regarding qualifications and training standards.</p> <p>Dr. Balajadia reminded that the public hearing would take place the following Wednesday at 1:00 p.m. before the Legislature, and members interested in discussing the matter were encouraged to attend and provide testimony. Dr. Miller indicated that his testimony would reflect the concerns previously discussed by the Board. Dr. Balajadia stated that her attendance at the hearing would be as Board Chair but noted that no official statement or position could be represented on behalf of the Board by her in that capacity.</p>

# Recap

Continued from Page 24

## Football: Geckos complete historic run

A season that sports fans will remember forever, the GW Geckos got their fairy-tale ending after breaking the FD Friars 85-game winning streak before eventually capturing the ISA 25-26' football championship in their Season of Destiny.

Leading the Geckos perfect season was graduating senior and defensive MVP Rayn Rios who most recently got his jersey retired alongside his father and head coach Ryan Rios.

Alongside Rios, other graduating names include quarterback Jace Dela

Cruz, along with Seth Dumanai, Eduardo Whitman and Nathaniel Mesgon who helped power the team in key moments throughout the season.

## Cross country, track and field: Panthers continue their dynasty

If one program defined excellence this year, it was the Guam High Panthers running program. Led by legendary coach Joe Taitano, the Panthers boys once again showcased their dominance in both cross country and track and field.

The Panthers boys cross country team secured its sixth straight all island championship. While the program will graduate several accomplished athletes, the future remains bright with All-Island champion Eldon Egbert expected to return for his senior season.

The Panthers success continued in the 4th quarter as the boys captured their ninth consecutive track and field championship, extending one of the most impressive dynasties in Guam high school sports. The team was powered by standout seniors Caleb Steele, Noah Harris, and Braden Flinn, all of whom played key roles in the program.

## Basketball

### Girls basketball

The Knights successfully defended their title this season, capturing back-to-back championships and establishing themselves as one of the league's premier programs led by head coach Fred Peters.

Leading the charge was 3-time MVP Jia Peters, who delivered another outstanding season for the Knights.

Peters and teammate Amara Del Carmen will be graduating but leave the program in good hands with underclassmen Zahna and Zoe Whitehead.

### Boys basketball

The IFK Islanders found

The St. John's Knights boys volleyball team celebrates after ending the FD Friars' incredible eight-year IIAAG championship streak.

The Guam High School Panthers win the boys track and field title at ISA's All-Island Championship meet.

themselves on top of the competition in over a decade after defeating the St. Paul Warriors in the championship match up earlier this year. Led by coach Cy Concepcion in his first year as the head coach for the Islanders.

The Islanders will lose some numbers to their roster as a handful of guys will graduate including Collin Rillamas, Darwin Ecjain, Zion Macapinlac and Zachary Yurko. The Islanders will still have star Tristan Hahn as he suits up for his senior season next year.

## Baseball: Friars secure back to back

The FD Friars secured their back-to-back championship titles after swiftly beating the ND Royals 12-1. GSPN's player of the game Cameron Ayuyu led the Friars with 3-3 HR, 4 RBI.

Ayuyu is expected to return next season alongside some of his fellow Friars that made the 2025/26 All-Island listing including Gavin Alcantara, Evan Acosta, Reef Balajadia, Haigen Dirigie, Jace Aguon and Skyler Paulino.

## Cougars remain softball queens

The Academy Cougars continue to stay on top of the competition winning their third consecutive softball championship. The Cougars managed to upse the JFK Islanders in the title match to win it 8-5.

While the Cougars were down the majority of the championship match, they managed to pull the inevitable and flip the momentum. Cougars' Aubrey Manibusan and Kierster

## Rugby

Continued from Page 16

Student Body Association president, plans to study business administration while pursuing a minor in logistics.

As they prepare to leave Guam, the athletes also recognized the significance of becoming role models for younger players hoping to follow a similar path.

"Going to college already feels like a blessing, but being able to go and play a sport I love is just, honestly, out of this world for me," Riffey said. "I really think being able to come back and ... help teams and help inspire the younger generation will be something that I ... definitely look forward to."

Mafnas hopes their accomplishments encourage younger athletes to take chances and pursue opportunities outside their comfort zones.

"I hope this gives younger generations the courage to put themselves out there and to take the risk of trying new things," Mafnas said. "All of us have a fear of being unsure (about) going out and playing at such a high level ... but if we didn't take a risk ... I don't think we would be here today."

Sablan said the responsibility of being watched by younger players serves as motivation.

"Having that pressure of the younger generation watching me will really help me to push myself

harder to become better just for them," Sablan said. "They say pressure builds diamonds, so I feel like that pressure is going to help me to really focus on everything I can do to become better."

Aldis stressed that success at the next level requires dedication both on the field and in the classroom.

"If you're going to work hard on the field, you have also got to work hard academically," Aldis said. "(To) younger generations: just care about your classes. Keep your grades up. Make sure you're doing well. Don't slip up, and you can do anything after that."

On a lighter note, the athletes also reference what food they will miss most after leaving the island given Guam's relationship with food culture that they will be leaving behind. Riffey drew cheers from the crowd with her answer of Spam (the Guam version - since she has been hearing that Spam is different stateside), while Sablan chose chicken kelaguen, Mafnas selected kádu, and Aldis, representing his Pohnpeian roots with an FSM dish mention, said he would miss 'fish and kon'.

With their signatures now official, the quartet joins a growing list of Guam rugby athletes advancing to the collegiate ranks, carrying both their talents and island culture with them as they begin the next chapter of their journeys.

GUAM SPORTS NETWORK  
The four rugby players heading to the states are joined by family and friends during their signing to play college ball this fall.
