Initial action was taken in New Mexico, as a result, Texas and California revoked the licenses. The incident occurred seven years ago. Dr. Thyagaraj tried to regain his license in those three states, however, it did not work out. Dr. Thyagaraj has applied to other states, to include Guam. The Chair reiterated that the real issue is in New Mexico and until Dr. Thyagaraj gets his full medical license reinstated, the GBME will not be approving him for full medical licensure. <i>Motion to deny: P. 		<b>G. Samer Shuaib, M.D. – Letter to the Board</b> Initial discussions around determining if the Board has jurisdiction as it pertains to the contents of the letter. Continued discussions to determine the Board's obligations in investigating the facility and/or physician. Attorney Finney asked for a copy of the letter to help determine if this is within the Board's jurisdiction. Z. Pecina noted the conditions and safety of a facility is the direct responsibility of that facility. A. David noted, according to the Medical Practice Act, the healthcare institution has the duty to report any change in status of their physician employees. Additionally, the Medical Practice Act does not give the Board jurisdiction over healthcare organizations, just over physician licensees. The Board will continue to review and work with legal counsel. Updates to follow at the next board meeting.			1709	Discussion On-Going
