II. Adoption of Agenda	Confirmation of Public Notice advertised in the Pacific Daily News.		Chair	1607	Confirmed
III. Review and Approval of Minutes	Reviewed draft Minutes, dated 9 February 2022. <i>Motion to approve: Dr. Adolphson; 2nd Dr. Berg.</i>		GBME	1607	Adopted
IV. Treasurer's Report	a) The Treasurer, P. Flores, provided an overview: 1) Of the first 8 months compared to last year (allocated: ≈\$94K; spent ≈\$22K; Balance ≈\$71K). 2) Revenues collected in FY2021: collected ≈\$83K; through March 2022, collected ≈\$29K. 3) Although GBMWE collected this revenue, the revenues go into the General Fund to fund HPLO operations (i.e., not solely dedicated to GBME). 4) GBME spends less money than it collects. Therefore, in discussions with Senator San Agustin, he has requested a realistic forecast of what GBME needs to meet its obligations in order to obtain a commitment from the Government of Guam. The GBME noted that the Dr. Berg and he would continue discussions with Senator San Agustin to arrive at a realistic and justifiable budget. 5) Upon the request of Dr. David, P. Flores requested that HPLO provide the financial information		P. Flores	1608	Noted

<p>V. HPLO Administrator's Report</p>	<p>presented to the GBME members</p> <p>a) The Acting HPLO Administrator, B. Sablan, reported:</p> <ol style="list-style-type: none"> 1) The HPLO has implemented internal policies to handle complaints and disciplinary actions, which include keeping complainants updated in a timely manner. This information will be provided separately to the GBME members. 2) The information from one of the complaints, which was misplaced, was found and the investigation is on-going. The GBME noted that HPLO did not have any lapse in its control. The GBME discussed and established a policy that, under no circumstances, will any file be physically removed from HPLO premises; therefore, GBME will be required to review files on-site. Dr. David proposed to make a motion to establish a policy; however, Dr. Berg did not feel it necessary at this time. In the meantime, the GBME reiterated that physical files must always remain in the HPLO office. In addition, the Vice-Chair suggested that all files submitted electronically should be encrypted. 3) Draft legislation regarding the publishing of background information of physicians is being reviewed by Senator San Agustin. <ol style="list-style-type: none"> i. Dr. Berg reported that he met with San Agustin on this complicated issue as it pertains to moral turpitude, so it is important to understand what the Senator aims to accomplish with this legislation. He invited the GBME members to participate in this discussion with the Senator, and Dr. David expressed an interest to participate. Dr. Berg expressed grave concerns and feels that GBME could lose its autonomy to make a consensus judgement based on its professional expertise. Based on his experience on the Board, in all cases, except one, all physicians licensed in Guam were already licensed in another jurisdiction. If anyone had a pending case against him/her in another jurisdiction, the GBME would table its decision until that jurisdiction concluded its investigations and actions before taking an action locally. He stated that the GBME conducts a thorough review of an applicant's practice prior to approving a license. Regarding malpractice claims, often times, insurance companies settle claims before a physician has the opportunity to defend his/her case. He stated that he had grave reservations about the suggestion to post all background information (allegations, misconduct, such as DUI, family violence) of a physician on the website even though a physician may have completed all remedies to correct the misconduct. He also expressed concern when the public reacts to a story by the media pertaining allegations, which is only alleged, but results in an opinion that the accused should automatically lose his/her license. So, he feels it should be the responsibility of the GBME to forewarn physicians of the risk associated with posting their past on the website. ii. Asst AG Weinberg stated that the law does not require all past history; however, the GBME should consider establishing criteria that should be published, e.g., felonies, malpractice to include related misdemeanors, postings of physician statements, etc.), which he believes that the 	<p>B. 	<p>Speaker could support. He further stated that public opinion has changed over-time which Board actions across all jurisdictions are being more scrutinized, compared to the past. Furthermore, he stated that the draft legislation in current form would be difficult to implement and would require training.</p> <p>iii. Dr. David stated that the intent is to provide transparency and accountability, so that disciplinary actions related to medical practice should be transparent and easily accessible to allow consumers of medical services to help them make informed choices. She stated that approximately 40 jurisdictions provide access to a full history of disciplinary actions. She stated that she would support an effort, which identifies criteria, which would become available to the public via the website. Her view of the public hearing is that the Legislature wants to assist the GBME, as a partner, to achieve mutual agreement on this issue that is reasonable and consistent.</p> <p>iv. In its current form, Dr. Berg stated that the Federation of State Medical Boards (FSMB) has reviewed the draft legislation and has assessed that he draft legislation is not feasible and is considered a "bad law"; therefore, based on the FSMB assessment, he stated advised that the GBME support FSMB's position, as it would be difficult to maintain the requirements administratively. P. Flores stated that the argument could be challenged since funding is available (not being spent); therefore, the GBME should take into consideration the human and financial resources necessary to meet a future mandate. Dr. Berg stated that GBME is currently working to secure attorneys and professional investigators to help close-out the current complaints. Asst AG Weinberg informed the GBME that the current statute already authorizes the health profession to contract attorneys and investigators, subject to the available funding; however, must be updated to change the formal name of the appropriate body. Dr. Adolphson stated that the GBME application fees are comparable to other states, while some states have tiered processes and/or increased its fees.</p> <p>v. P. Flores suggested that HPLO provide and the GBME members: 1) listen to the recording of the legislative hearing; 2) review the draft legislation; 3) recommend criteria to guide the GBME on what should be placed on the website; 4) propose wording to the draft legislation. He stated that the GBME consider a process to ensure complainants are duly informed, with established deadlines to ensure progress is being made to close-out the complaints, with the assistance of HPLO in keep track and reminding the GBME of the timelines.</p>			
VI. Chairperson's Report	<p>a) Emergency Issued Licenses. The Chair informed the GBME that the three (3) individuals have responded to the Request for Proposals for attorney services. 	(15) GBME-CO-2021-010 – Received: 11/08/2021 (L. Cruz). Dr. Cruz reported that, although medical files were received from the patient (complainant) on the emergency room visit, he did not receive any files from the U.S. Naval Hospital (USNH). The Chair stated that a letter will be USNH Commanding officer requesting a copy of the pertinent records. Since the Physician is licensed in Guam, there is no question of jurisdiction.	Dr. Cruz		Tabled
	(16) GBME-CO-2021-011 – Received: 11/17/2021 (A. David). Dr. David reported that a conference with the complainant was held on 25 January 2022. On 3 March 2022, a consent to release the information was requested, but has yet to be received. Although the original document was initially lost and subsequently found, she expects the physician to respond by 15 March 2022.lost then found. Given that this a complex case with a long history, she recommends that the GBME obtain an investigator.	Dr. David.		Tabled
	(17) GBME-CO-2022-001 – Received: 01/19/2022 (P. Flores). Mr. Flores reported that a letter to withdraw complaint is anticipated to be received. In addition, he is awaiting review of the court records pertaining to the DUI. The applicant's license has yet to be granted.	P. Flores		Tabled

Dr. Cruz reported that he is awaiting response from physician and this complaint will require the assistance of an attorney and investigator. Since there are allegations of sexual assault/misconduct and it is considered a public safety issue, Dr. David suggested the following safeguards be considered: 1) physician not allowed to see female patients; 2) physician allowed to see female clients with a chaperone present. 3) Suspension of license. Dr. Adolphson stated that female staff were also subject to allegations years ago, she recommended that the physician be restricted from treating female clients. Asst Atty Weinberg stated that, since legal and investigative services would have to be procured, he advised against a “suspension” since it would start a 30-day clock for a formal hearing to be convened. Therefore, cautioned the GBME to avoid risks that could jeopardize the Administrative Adjudication Act since the complaint are allegations at this point. <i>Motion to approve continuation of treatment of females under chaperone supervision: Dr. David: 2nd; Dr. Cruz (Dr. Adolphson voted “nay” and Dr. Berg recused)</i></p> <p>(4) GBME-CO-2022-007 – Received: 02/10/2022 (A. player, in a grueling mid-day battle in two close sets to win the men's 3.5 titles.

In the women's 4.0 final, No. 2 seed Amelie Terlaje defeated top-seeded Millie Leon Guerrero. Pang said that she and others applauded Leon Guerrero for entering the top singles division for women in a pool of junior girls.

In the women's 3.5 division, Charlotte Oh won the title with a win over Mei Balagtas.

Up next

The upcoming weekend

is reserved for the Open's popular doubles and mixed doubles tournaments. The mixed doubles division will include men and women with combined ratings of 7.0 and higher.

Arman Sachdev and Carlota Lefon will present a challenge to any opponent on one side of the bracket, while on the other, Christian Penafiel and Sydney Packbier are a powerful duo. The husband-wife team of Carl and Millie Leon Guerrero is fun to watch, and they have won their share of matches too.

The men's 5.0 doubles feature a few top-tier teams in Anthony Gregoire and Aidan Schembari, Chris-

tian Penafiel and Ty Phan, and Dakota Gibson and Marshall Zhang.

There are several noteworthy teams in the women's division too. Mina Noble and Amalie Terlaje will be tough to beat, said Pang.

There are also family teams: Clarice Yeo and daughter Faith will play together, and on the men's side, JP Calvo will play with his son Ed, and Jim Beighley will play with his son Taylor in the 3.0 division.

Finals will start Sunday evening, said Pang. Spectators are welcome to watch any of the tournament matches. There is no admission fee, said Pang.

Saipan

The Chamorro Open will conclude on April 24 following a juniors weekend. Pang said the already talented local entrants and expected players will also have to deal with a crew of 20 junior players from Saipan.

There are a few international competitions on the

horizon, said Pang, including the Pacific Mini Games scheduled this summer in Saipan.

Teams overcome setbacks during K-League

Pacific Daily News

Last week's HyoSung Construction K-League had several teams falling short, and one match being its last.

Kian FC and the Guam Bombs FC started their match slow, until Kian lead 1-0 during the second half of the game. The Guam Bombs' Adam Garcia then scored for the team, leading 2-1. Kian then tied the game, but Garcia took the Guam Bombs up another two points. Guam Bombs defeated Kian 4-2.

Man down

SDA FC was one man down due to injury. However, the team managed to take on Euro Car FC with SDA's Jherico Tiamzon scoring his first goal. Euro Car suddenly took the lead at 2-1, but Tiamzon pulled off a corner kick from Euro Car's Noah Duenas, that put SDA back in the lead midway through the second half. Despite being one man down, SDA won the game at 3-2.

THE SCORE

Running

Continued from Page 32

Though the running club had to get back into the logistics of organizing a marathon – receiving clearance from the mayors, the Guam Police Department and the Guam Fire Department – Hechanova and the group felt the effort was worth it.

“It was exciting for us ... being able to offer this and being able to see familiar faces we haven’t seen for a while,” Hechanova said.

Hechanova went on to thank Foremost for assisting the club at the event as well as other sponsors who were able to donate for the event’s raffle.

“Other than that ... it was just fun. It was really fun to see the community come out, and support the fact that they just want to get

back to normal,” Hechanova said. “The running community is still strong on Guam ... and it was such a fun time to be with everybody.”

Running next

The Guam Running Club will be holding another marathon called the 2K and 5K Run-Walk for Autism late this month. For Autism Awareness Month, the run will be at 6:30 p.m. April 23 at the Paseo

De Susana. The event will be the club’s official 2K and 5K, which will include timing, categories and awards, said Hechanova. “We hope for more, and we’re going to keep pushing,” he said.

The club will also have the GRC perimeter relay that would have a group run around the southern loop of the island, which would be 48.6 miles according to Hechanova.

run seven innings.

The teams played an exciting, but scoreless first inning. In the top of the second, Southern came alive and shelled Gecko starter Jayain Duenas. Seven batters came up and all seven scored before Duenas got his first out on a strikeout.

GW answered quickly in the bottom with five runs, highlighted by Javen Pangelinan’s 2-RBI shot, followed by RBI hits by CJ Tenorio and Tedtaotao.

Southern sent the entire lineup to the plate in the third inning but could only muster three runs. They came all at once when Joven Terlaje hit a bases-clearing double to center field.

The Geckos looked to rally big when Tedtaotao had an RBI single, followed by Jace Gumataotao smacking a shot to the left to score two runs. Cruz killed the rally when he fielded a grounder, tagged the runner headed to second and tossed to first in time to finish the double play.

Southern’s first two batters went down quietly until Cruz took first on four balls, made it to third on a passed ball and scored on another passed ball, it would prove to be the winning run. GW mounted a final rally and got Rocky Mesa across the plate but left the tying and winning runs stranded. Dolphins catcher Tim Chaco also

Coby Barnes, coach for the Geckos, said that while his boys played OK, Southern High brought it and took advantage of GW’s mistakes.

“It was a good game for both teams and now the boys know they have to work hard because they’ll be getting every team’s best when they play,” he said.

Fejeran told his boys to stay grounded.

“The win of course brings up the morale and spirits but we still have lots of work to do. It’s still early in the season. We have to keep

working hard. All the credit goes to the boys for their hard work,” said Fejeran. “Hats off to the Geckos, it was an awesome game.”
