IV	<p>HPLO Administrator's Report B. Sablan reported that a memo was issued detailing two changes to the renewal application. The notary requirement will be removed, and a two-by-two photo will be required. These changes will take effect on June 3, 2024, and apply exclusively to renewal applications.</p>	B. Sablan	0753	Noted
V	<p>GBEP Complaints GBEP-CO-16-01 – On-going. The Chair stated that based on the GBEP's previous decision and a proposal to vote on issuing a letter of reprimand. The options included issuing a letter alone or with a fine and a one-hour ethics course. Ultimately, it was proposed to move forward with the recommendations for a reprimand letter, fine, and ethics course. <i>Motion to send letter of reprimand along with a fine and ethics course: J. Sana, 2nd; A. Mariano</i> GBEP-CO-24-02 – On-going J. Caruso received a letter from the individual providing his side of the situation and requested more time to meet with the individual regarding the complaint. This matter will be reviewed next week, and the report will be distributed to all members. Item	Discussion	Responsible Party	Reporting Timeframe	Status
VI	<p>Old Business</p> <p>B. Sablan reported an inquiry regarding an EMT was received, revealing that the individual in question, associated with the U.S. Marshals Office, is not licensed despite providing certification from the National Registry for EMTs. Additionally, prescriptions confiscated by Customs were found to be linked to this unlicensed individual and a doctor, Dr. Brian Fisk, who is also unlicensed. The matter has been forwarded to multiple boards, including the EMS Commission and the GBME, for investigation. The GBEP was requested to assist in providing guidance on the appropriate course of action. Coordination between boards and investigators is proposed to gather comprehensive information for further action.</p> <p>There was a discussion regarding the jurisdictional aspects of the case involving the unlicensed EMT and the physician. While the medications were ordered under the physician's license, neither the physician nor the EMT is licensed in Guam. Concerns were raised about the legality of their actions, particularly regarding medication administration by unlicensed individuals. Despite the involvement of medications, the Board concluded that the case falls outside the jurisdiction of the GBEP due to licensing issues. However, further investigation will be conducted by the EMS Commission. The GBEP is willing to provide assistance if needed.</p> <p><i>Motion to Close: J. Carruso; 2nd. J. Sana.</i></p> <p>A. Inspections:</p> <ol style="list-style-type: none"> 1. Guam Regional Medical City The inspection at Guam Regional Medical City was not completed due to encountering floor plan changes that raised potential security issues. Although the inspection is in its preliminary phase, the team plans to revisit GRMC in the coming weeks to finalize the report. Changes in the floor plan, including the addition of a new supply room attached to the main pharmacy, raised concerns about security, particularly with a door leading to a public area outside the secure zone. Additionally, there are ongoing discussions regarding compounding sterility issues. Further inspections are anticipated, each lasting two to three hours, to address these matters comprehensively. The team is diligently addressing one issue at a time as new challenges arise during the inspection process. 2. 	<p>E. DPHSS NRCHC (PCY-010) And SRCHC (PCY-011) Pharmacy Request for Waiver of Technician to Pharmacist Ratio</p> <p>The Department of Public Health and Social Services (DPHSS) Northern Region Community Health Center (NRCHC) and Southern Region Community Health Center (SRCHC) have submitted a request for a waiver of the technician to pharmacist ratio. Upon review, it appears they are seeking a higher ratio, potentially one pharmacist to three technicians. However, there is some ambiguity in the letter regarding the exact ratio they are requesting. The Board intends to clarify the requested ratio with DPHSS NRCHC and SRCHC to ensure accuracy before proceeding. Additionally, efforts are underway to recruit additional pharmacists to support the centers' operations.</p> <p><i>Motion to increase technician to pharmacist ratio pending clarification of the actual ratio.
