	<p>E. INSPECTIONS. The Chair read from the GMHA and GRMC Pharmacy Inspection Reports, which were conducted by GBEP inspectors and accompanied by an FDA inspector. The Chair summarized the inspection findings, to include sub-standard compliance in sanitation, sterilization, documentation, storage, etc., which will require corrective action and resolution. The Pharmacists-In-Charge initiated a corrective action plan to mitigate the findings. The Chair stated that GBEP approval of the renewal applications will stand. The Chair stated that he had received assurances from the PICs that discrepancies are being addressed. M. Gabriel inquired about the process of inspections and the Board's responsibility regarding the findings. The Chair stated that although the inspections had been deferred due to the pandemic, there is no excuse for the deficiencies identified. He stated that he has been in discussion with GHMA and GRMC to ensure that these findings are being addressed. The Chair requested that Eva Aguon keep the GBEP apprised of their progress.</p>			Corrective active plans initiated by the institutions

	<p>H. PUBLIC LAW 37-27. The Chair provided an overview of the law pertaining to opioids and naloxone. A. Mariano requested clarification on the law, §16115, regarding the use of the word "shall" and "may" as it pertains to co-prescribing authority of naloxone, which appears to provide conflicting guidance. HPL0 stated that it had forwarded the law to Asst AG Strader for an assessment.</p>			Meet with the Speaker

Item	Discussion		Responsible Party	Reporting Timeframe	Status
	<p>Z. Pecina suggested the Chair meet with the Speaker first since it is already a law. In the future, she suggested that GBEP review pertinent bills for comment before becoming a law. The Chair agreed to the foregoing recommendation and that he would address this issue with the Speaker to ensure GBEP input is provided on bills related to its area of responsibility. A. Mariano also stated that the prescribers should be duly informed as well.</p>
